

Sample craft for Palm Sunday and Easter

As you know we usually decorate our wooden cross on the front port of the church on Easter. Since we cannot be together on that day, I would love for the kids to make one of their own. Our craft will be a 2 – part 2 - Week project.

For Sunday April 5th (Palm Sunday) – please find two sticks outside and place them in the shape of a cross. Glue them together (or tape or string, whatever you have)

For April 12th, (Easter) gather flowers and leaves you find outside and decorate your cross and send me the pictures. This is your special cross so you decorate it with whatever you find and however you choose to celebrate Jesus!

Jesus Loves You!
